DILMI WICKRAMASINGHE

Software Engineer Intern

@ dilmimaleesha300@gmail.com 📍 Nuwara Eliya, Sri Lanka in Dilmi Wickramasinghe ⭘ 99dilmimaleesha

👤 ABOUT ME

Motivated and creative **undergraduate Software Engineer** passionate about building user-centered web applications with **React.js**. I'm inspired by how technology can empower creativity and sustainability—values that align with Autodesk's mission to design and make a better world. I thrive in collaborative, hybrid environments and enjoy transforming ideas into functional, accessible, and scalable digital experiences. Currently seeking an **Intern Software Engineer – React** position to contribute to impactful projects while enhancing my technical and problem-solving skills.

💼 EXPERIENCE

Frontend Developer (Intern)
Onsty Education Platform

📅 Apr 2024 – Aug 2025 📍 Remote

- Collaborated with a cross-functional team to design, develop, and maintain responsive web applications using **React.js** and **Tailwind CSS**.
- Enhanced UI performance and accessibility to deliver inclusive digital experiences.
- Participated in **code reviews**, documentation, and component testing for scalable product development.
- Applied modern frontend practices and agile methods to improve collaboration and workflow efficiency.

🎓 EDUCATION

BSc. in Information and Communication Technology
Uva Wellassa University of Sri Lanka

📅 2021 – 2025 📍 Badulla, Sri Lanka

Current GPA**3.71 / 4.00**

- Web Technologies
- Human–Computer Interaction
- Algorithms & Data Structures
- Software Engineering Principles

💻 TECHNICAL SKILLS

React.js JavaScript (ES6+) TypeScript (Basics) HTML5 / CSS3 Tailwind CSS Material UI Node.js
Express.js MongoDB Git / GitHub Postman

⑃ PROJECTS

Onsty LMS (Tuition Class Management System)

📅 2025

⭘ GitHub Repo Demo Video

- Contributed to a **React-based web platform** for managing student and class data.
- Implemented reusable components, authentication, and state management using React Hooks.
- Assisted with debugging, testing, and documentation of core frontend modules.

React.js Material UI Tailwind CSS Axios JWT

Personal Portfolio Website

📅 2025

GitHub Repo Live Site

- Built a **responsive personal portfolio** to showcase skills and projects.
- Used **Framer Motion** for animations and interactivity aligned with modern UX trends.
- Focused on performance, accessibility, and clean, maintainable code.
