👤 ABOUT ME

I am a passionate Frontend Developer with hands-on experience in React.js and Tailwind CSS, creating responsive and user-friendly web applications. I have a strong eye for design and love turning ideas into seamless digital experiences. Currently, I am expanding my skill set into Full Stack Development, aiming to build end-to-end applications and gain expertise in both frontend and backend technologies. I enjoy learning new tools and frameworks, solving challenging problems, and continuously improving my coding craft.
